Esto activa el temporizador. Puede cambiar el período de tiempo en Configuración.

Puede cambiar a la cámara de atrás (arriba del teclado). Útil si toma una foto cuando usa el Chromebook como una tableta.

The screenshot shows a Chromebook interface with a video player in the foreground. The video player has a black overlay with a white camera icon and a red square highlighting it. To the right of the video player, there is a menu with options: Video, Photo, and Square. The background shows a list of items, including 'Marissa Hamaguchi', 'How do people use m', '1) Use the Good', '2) Watch the Good', and '3) Watch the Need'. There are also some buttons like 'Assigned', 'Add or create', and 'Mark as done'.
